me@ahmadsaghir.tech | ahmadsaghir.tech

Software Engineer with a Bachelor's degree in Computer Engineering and extensive experience in the MERN stack (MongoDB, Express, React, Node.js) and TypeScript. Proven track record of building scalable e-commerce and productivity applications with secure authentication and complex state management. Brings a unique background in E-commerce Operations Management, offering a deep understanding of business logic, CRM workflows, and product lifecycles.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, PHP, SQL (MySQL).

Frontend: React.js, Tailwind CSS, Bootstrap, HTML5, CSS3, Framer Motion, TanStack Query

Backend: Node.js, Express.js, Laravel, RESTful APIs, JWT (JSON Web Tokens).

Database & Tools: MongoDB, MySQL, Redis, Git, GitHub, Postman, WordPress.

Concepts: OOP, MVC Architecture, Role-Based Access Control (RBAC), Agile/Scrum.

SOFTWARE ENGINEERING PROJECTS

Full-Stack Bookstore Application | Freelance

Tech Stack: React, Node.js, TypeScript, MySQL, Tailwind CSS

- Architected a comprehensive e-commerce platform featuring a responsive React frontend and a robust Express.js/MySQL backend.
- Engineered secure authentication and Role-Based Access Control (RBAC) using Bcrypt and JWT to manage distinct admin and customer workflows.
- Developed a RESTful API to handle complex inventory CRUD operations and transactional database logic.
- Optimized frontend performance and server state management using TanStack Query, reducing load times and redundant API calls.
- Integrated Cloudinary for scalable image management and Framer Motion for UI animations.

Task Management Productivity Platform | Personal Project

Tech Stack: MERN (MongoDB, Express, React, Node.js), Redis

- Built a full-featured productivity tool, including Kanban boards for workflow visualization and project tracking.
- Implemented a Pomodoro timer and habit-tracking algorithms to enhance user engagement.
- Utilized Redis for caching to improve API response times and overall application scalability.

EXPERIENCE

E-commerce Operations Manager

Aug 2021 - Jan 2024

Tulip Home, Istanbul

- Spearheaded comprehensive management of e-commerce operations, leveraging a total experience of 2 yr 6 months.
- Applied knowledge in digital marketing to enhance customer engagement and drive sales.
